Collected Knowledge & Wisdom on

WhoIsMyRepresentative

Provides:

The API provides representatives and senators based on given information, such as a name or an area.

Key Provisioning:

Pain factor (*0=ezpz...5=nightmare*): **_0_**

- No key needed!

Quotas:

- None

The Good:

- Pretty easy to use.
- No account or key needed, unlike the Google politics API.

The Bad:

- May have limited usage.
